## WORK EXPERIENCE

### Front-End Web Developer, Drees Homes, Cincinnati, OH 11/2016-PRESENT

I currently work as the front-end developer and UI/UX designer for Drees Homes. I work with a team of back-end developers on a suite of AngularJS applications. I contribute heavily towards the user interface to improve the user experience. As part of my role, I capture data from the back-end (in JSON) and manipulate it for the front-end.

### Front-End Web Developer, KalioCommerce, Cincinnati, OH 2/2016-11/2016

I worked closely with the Senior Front-End Architect, building, and maintaining our client's unique e-websites. These websites are built on a proprietary platform written in the latest web technologies. As a part of at the front-end team, I contribute in the improvement of the UI and UX.

### Web Developer, Upright Communications, Cincinnati, OH 3/2015-2/2016

As part of the production team, I was responsible for executing designs based off of mockups and developing tools to improve the user experience of their client's sites. These sites were heavily optimized for search engines and coded using the latest in web technologies
